

WAYS TO APPROACH WRITING LYRICS

USING STORY CUBE DICE (USED BY PAUL CARROLL)

Using something similar to this:

Each person rolls the dice and whatever image the cube lands on, make a sentence up about the image. If sentences are difficult, come up with words associated with the image to generate ideas. Song themes may emerge from the images that will help with the direction of the song.

These story cubes can be used in a warm up situation where each person rolls a cube and each participant comes up with a sentence around the image and the next person has to continue the story including the imagery on their cube.
